

## Decontamination Exemption Certificate

If the machine being returned has never been used, complete the declaration below. Otherwise the machine will be treated as contaminated and you are liable to be charged for its decontamination.

This form **MUST** be completed and attached to the outside of the carton when returning the product to your supplier. Without this form being visible the courier and/or your supplier will treat the machine as contaminated and are at liberty to refuse handling of the product.

*I hereby certify that the machine referred to in this document by model number and serial number has never been used and is therefore exempt from decontamination*
